Final Year Project Committee

Institute of Information Technology,

Noakhali Science and Technology University.

Sonapur, Noakhali 3814

Subject: Application for allowing to submit the project proposal.

Sir,

With due respect, I state that I am a final-year student at your institute. I had to submit a project proposal on “Developing a Feasible Model for the IoT-Based Ubiquitous Healthcare Monitoring System using Data Optimization Technique” for my final year project before the date of 17 November 2022. As I could not complete my proposal in due time, That why I was unable to submit my project proposal on time.

I, therefore, request you to be kind enough to allow me to submit my project proposal, as it is very much compulsory for completing the degree.

Yours faithfully,

Nishat Tasnim Tamanna
